

Leadership Development Programs

Our leadership development programs help leaders develop insight, build partnerships and effectively lead others. We offer a unique mix of structured programs and customize these to meet your unique needs.

- **Waterline Action Learning™:** By learning while doing the real work of leadership, participants get real-time results and are able to rapidly correct their course. The benefits are immediate: leaders improve business performance, develop self-mastery and demonstrate leadership competence.
- **Creating Partnership:** The Organization Workshop: An organizational exercise designed by Barry Oshry that enables leaders to see systemic patterns and make choices that result in results through partnership.
- **Mutual Influencing:** An intensive skill-building course that teaches leaders how to effectively influence others and be influenced by them.
- **Facilitative Leadership Program:** Developed by Interaction Associates, this workshop develops practical skills and tools for tapping the creativity, experience and commitment of the people with whom you work.
- **Group Facilitation Methods:** A practical skill-building workshop to learn how to facilitate groups to get shared understanding, shared direction and shared action.
- **Waterline Coaching:** You will address your leadership issues through provocative questions and creative practices.
